

# LEGACY CONSTRUCTION GROUP

---

## TESTIMONIALS

"It was a pleasure to work with such a quality driven and relationship focused construction company. I will respectfully refer Legacy Construction Group to anyone that is talking about building." - **Jack Treschel / Source: Website**

"Very few companies have the skill-set, attention to detail, and professionalism it takes to stand out. Legacy understands the demands of complex projects". – **Curt Koutelas, Arrowhead Contracting, Inc. / Kansas City, MO**

"We chose Legacy Construction Group to build our second home in Columbia, MO while living in Dallas, TX. Despite the miles in between, the staff at Legacy always kept us informed by providing bi-weekly project management reports, project schedule updates, and job cost reports. With frequent design consultations we were able to build a beautiful home while using green building practices to save on energy costs for far less than we would have thought. What we were most impressed with was that the staff at Legacy fulfilled every one of their promises they made to us prior to construction. Our home is beautiful and we would recommend Legacy to anyone looking for an outstanding general contractor." - **Ted & Rita Spalding / Source: Website**

"We chose Legacy Construction Group to complete our kitchen remodel project. All of their staff were very professional and knowledgeable. They consulted on every thing from design to finishes and saved us thousands of dollars in the process. Now we have the kitchen of our dreams." - **Cindy & Tom Barlow / Source: Website**

"The staff at Legacy Construction Group exceeded our expectations. Everyone hears the horror stories associated with remodeling projects but ours was a great experience. Legacy is a top tier company unlike any other we have encountered." - **Mark and Cathy Timms / Source: Website**

## **So Helpful**

**By Kay - November 22, 2009 / Source: Google**

We chose Legacy Construction Group to complete our project for a balance between quality and price. Their proposal was about half of some of the other companies we received bids from. Their staff exceeded our expectations. They helped us out when we were in a tight bind with our in-progress bathroom remodel. They were able to work us in ASAP. Since we only have one bathroom they were willing to work with us so we wouldn't have to leave our house overnight. Keith made sure things were done right and well. We would use them again for future projects.

## **Nothing But Good Things to Say**

**By Josh - Oct 13, 2009 / Source: Google**

I hired Legacy Construction Group to repaint the exterior of my house and replace a lot of exterior wood trim. My house is in Boonville and it is very old. It was in need of a lot of work. I received multiple bids that were all very expensive to my dismay. The person I met with at Legacy was very nice and I felt comfortable until he asked me what my budget was. I thought if I told him he would either laugh or rake me over the coals for every dollar I could gather. He explained that it makes their estimating process easier and many times potential customers want more than what their budget allows and in an effort to save my time and theirs they would try to tailor a scope of work that would fit my budget. I thought yeah right at the time! I told them what I had to spend and they suggested that instead of replacing all of the wood trim that they could repair a vast majority of it. No one else I met with ever suggested this option to me and I was concerned this was not going to be the best approach. After receiving their bid (which was the most comprehensive by far) I asked for some references. I talked to a couple of the people and everyone had such great things to say. Even though I was skeptical that they would be able to do what they said they could I decided to give them the job. I was surprised how well everything turned out. The quality far exceeded my expectations. I was always kept informed, everyone was very professional, communication was great, and they cleaned up everyday. They did end up replacing a little more of the rotted wood than anticipated but it was very minor. All in all they saved me a ton of money which my wife was very happy about. If you need any type of work done call these guys!

## **I Am Spoiled!**

**By Payken Properties - Sep 21, 2009 / Source: Google**

I wish you guys did work in St Louis. We just had the hardwood floors in our home replaced and refinished. It was a nightmare!!! This guy was recommended by a friend. The job went wayyyyyyyyyy over schedule (They were supposed to do it while we were on vacation for 10 days). Instead it took almost 3 weeks because they kept going off to other jobs and to add fuel to the fire, Mark and I had to spend the last 3 nights in a hotel while they stained and applied the finish coats. They also left a horrific mess. You have me spoiled!!!! Your attention to detail is great and you guys always do a great job. Thanks again!

### **Hardwood Flooring Looks Great!**

**By Pamela - Sep 21, 2009 / Source: Google**

We chose Legacy Construction Group because they provided a good balance between quality and price. We were very comfortable with their staff and received very detailed information at time of consultation. Our hardwood floors look beautiful, the job was completed on schedule and we were very pleased. When we do further remodeling we will definitely consider using Legacy Construction Group again.

### **Condo Remodel**

**By Angie - Jun 27, 2009 / Source: Google**

I chose Legacy Construction Group to help with the remodel of our condo. The bid I received from them was fair and was a good balance between quality and price. They installed new tile in two of our bathrooms and kitchen in addition to some finish carpentry work. Their work exceeded my expectations. I would use this company again for future projects. I was extremely satisfied! Professional and experienced workers with an eye for detail.

### **Love My New Deck!!!**

**By Blake - Jun 13, 2009 / Source: Google**

Thank you again for your timely attention and excellent craftsmanship on our deck! We absolutely love it and look forward to getting a lot of use out of it over the coming years. I will be sure to pass along your contact information to anyone in need of your services.

### **Hire Legacy**

**By Sandy - May 21, 2009 / Source: Google**

After getting to know them a little, I felt VERY comfortable leaving my home while they were there working. Their staff were nothing but professional with terrific work ethics. It does not take long to develop trust... and ladies, they even clean up after themselves now that's rare. I feel they are fair in their pricing. You absolutely get what is paid for and then some. Their work is fantastic and you will never be left in the dark. Keith explains everything, gets your input and works up a plan. He is knowledgeable and has great ideas. Hire Legacy, you wont be disappointed.

### **Drywall Ceiling**

**By Jon - May 15, 2009 / Source: Google**

Legacy was hired to remove the acoustic from the ceiling in our study, texture, and paint the ceiling and walls. Later we had them install some hardwood flooring in the room and hallway. The work was completed quickly, prompt replies to all inquiries and very professional. The crew made it a point to clean up very well each day and keep dust to minimum. They did some extra work without any additional charge. I would recommend to others and use this company again.

### **Deck Replacement**

**By Jason - May 15, 2009 / Source: Google**

We hired Legacy to tear down our old deck that was falling apart and unsafe and build a new deck with stairs. The builder we bought our house from built the deck and he didn't know what he was doing. Legacy built our new deck and stained it. It turned out great! We really enjoy our new deck and like the stair landing they constructed to open up our patio below. The guys were very professional and were easy to work with. I will use them again for future jobs that I may have. Working with Keith was a pleasure. Thanks for your hard work.

### **Bathroom Remodel**

**By Luciana - Apr 9, 2009 / Source: Google**

My husband and I received a proposal from Legacy Construction group to remodel one of our bathrooms. It was a fair and reasonable bid. We were not ready to hire yet as the cost for what we wanted to do was a little higher than what we had planned for. We were very impressed with the professionalism of the company and with Keith who met with us to discuss design options. We plan on contacting Legacy again when we are ready to move forward with this project.

### **Thanks Legacy!**

**By Sheila - Apr 3, 2009 / Source: Google**

I am very impressed with this company and would recommend them to anyone I know. What a great company. THANK YOU!

### **Great Company!**

**By Beverly - Mar 21, 2009 / Source: Google**

Legacy Const Group recently repainted the interior of my home and installed new laminate wood flooring. Keith from Legacy was very prompt and helped me pick my paint and flooring. I was given an estimate in a timely fashion and then they completed the job fast. I am very pleased with their work. Everything looks great! I am going to have them put in new countertops and accent tile in my kitchen now. This is a great company and I highly recommend them to anyone considering remodeling. A special thanks to Keith, his design consultation and guidance was very helpful.

### **Roof Replacement**

**By Donald - Mar 19, 2009 / Source: Google**

Legacy Construction Group replaced our roof this spring. Their staff was very professional and they completed the work in a timely manner. I was very impressed with their work and the extra time they took to make sure everything was cleaned up at the end of the job.
